Business hours:
Monday - Friday, 8 a.m. - 4:30 p.m.

Speakers' Bureau

Topics

As a member-owned, electric cooperative Central Electric Cooperative (CEC) is always looking for ways to actively participate in the communities they serve. This commitment to communities is why CEC launched a Speakers' Bureau.

CEC Speakers' Bureau is an experienced group of employees who are specially trained to conduct free educational and informational presentations within our seven-county service area. Our speakers provide audiences with valuable information on a variety of topics, or we can customize a presentation to suit your needs. The length of the presentation is determined by your needs. We also welcome the opportunity to speak to groups during their lunch hour.

There is no charge for these speakers; the presentations are simply a great way for us to reach out and engage individuals in matters that affect all of us. Regardless of which topic you select, you can expect valuable energy-related information.

To schedule a speaker for your civic club, charitable organization, senior group or school call Renee Tritten at 800-521-0570 x2151.

We also have programs available for the younger generation. To learn more about these programs please visit our website or give us a call.

Our speakers provide audiences with valuable information on a variety of topics within the customer service, finance and accounting, administration, marketing and public relations, engineering, safety, information technology, human resources and electrical operations fields. Some of the topics available are listed below. But remember, we can customize a presentation to meet your needs. So if you have a topic in mind, and it isn't listed just give us a call!

- About CEC: history of cooperative, how we've evolved and about cooperatives.
- CEC, Your Energy Partner: how you benefit from public power and how CEC provides low-cost, reliable power and delivery solutions.
- Cooperative Difference: cooperative business model, rates and capital credits.
- Day in the Life of a Lineman.
- Electrical Safety at Home or Work .
- Emergency Response Planning: how to prepare, react and recover from emergency situations.
- Energy Assistance: information on energy assistance programs, eligibility requirements and instructions on applying.
- Energy Efficiency & Conservation.
- From Power Plant to You: description of electricity from generation to distribution.
- Outage Management & Reliability: the power restoration process.
- Public Benefit Programs: products and services overview.

- Renewable Energy.
- Save Energy, Save Money: money saving tips and tricks.
- System Protection & Improvements.
- Topic of Your Choice!
- Utility of the Future: vision and goals of CEC's strategic plan.

To schedule a speaker for your organization either call 800-521-0570 or visit www.central.coop!
