

Professional Classic Standard Electric 50 Gallon Water Heater

Water Heating

Longer Life | High Performance | Low Operating Cost

Details	
Fuel Type	Electric
UEF	0.93
Install Location	Indoor
Primary Warranty	6
Tank Capacity	50
Voltage	240

Dimensions	
Depth	20.38"
Height	59.50"
Width	20.38"
Meets or exceeds NAECA requirements.	

Features

- Compliant with many electric utility incentive programs
- Premium grade anode rod provides long-lasting tank protection
- Electric junction box located above heating elements for easy installation
- Over-temperature protector cuts off power in excess temperature situations
- Automatic thermostat keeps water at desired temperature
- EverKleen™ self-cleaning device fights harmful sediment build-up with a high-velocity spiraling water stream – helps operating efficiency by saving energy, money and improving tank life
- Enhanced-flow brass drain valve
- Temperature and pressure relief valve included
- Low lead compliant
- Isolated tank design reduces conductive heat loss
- Restored stainless steel upper and lower heating elements to prolong anode rod and tank life

* 6-Year limited tank and parts warranty. This Limited Warranty is only available to the original owner of this water heater. It is not transferable. The Applicable Warranty Periods are six (6) years from the Effective Date for the tank and the component parts if the water heater is installed in a single-family dwelling. If the water heater is installed anywhere other than a single-family dwelling, the Applicable Warranty Periods will be limited to one (1) year from the Effective Date".
